Devilishly Good Entertainment

One of the most refreshing things about summer is that we can get off of our asses, away from the computer, social networking and at least for a time, away from our phones. The warm weather allows us once again to communicate with people face-to-face; something's that becoming a lost art among people, especially millennials and the generations that follow.

There is something so much more sensual and intriguing about speaking with someone and not relying on some cold digital interface. This is especially true in the world of seduction where although sexting and hot pics can be quite stimulating, much is lost without the spoken inflections, body language, eye movements, etc. that make for truly sexy communication.

It's so much nicer to hold your object of desire's hand than typing a text. And it's a lot faster entrée into her bed!

Speaking of body language, this issue is packed with hot babes with killer bodies. Temptress Rebelde is a busty doll sporting real DDs, our amateur curvy dish Sarah gets turned on when she visits the cemetery – she's our kinda girl – and Davon likes a little restraint to get the juices flowing just – just to name a few.

But it's not always about the sexy dames (well it kinda is), so also in this issue we bring you a special excerpt about sex magic straight from *Old Nick* publisher Robert Johnson's groundbreaking book, *The Satanic Warlock*.

If that's not enough to round out your summer reading pleasure, get thrilled by the blasphemous art of Peter Alexander Benedetti in Night Gallery.

Check out our Vices department for conjuring the perfect martini, sit back, catch a cool breeze and stay lusty my friends!

A MAN AND HIS MARTINI

There's nothing quite as sexy to a woman than a man who can whip up a cool martini without taking his eyes off her comely curves. It's a signal that this dashing gent lives the good life. As Hemingway said in his novel "Farewell to Arms," "I have never tasted anything so cool or clean. They make me feel so civilized."

But modern times has perverted the classic drink offering every kind of blend and flavor that can be imagined which only signals to your date that this guy's trying too hard. *Old Nick's* advice is to keep it simple, classic and strive for the perfect martini the way Sinatra would do it.

Of course there's one other option and that's creating your drink the James Bond way when you're seeking a little variety. This one's sure to score bedroom points.

CLASSIC MARTINI (gin)

So, here's what you need:

- Lots of ice

- Chilled (in the freezer beforehand for at least an hour) stemmed martini glasses
- Gin (Hendrick's is recommended) – 4 parts
- Dry Vermouth (Noilly Prat is recommended) – 1 part
- A glass pitcher or metal shaker
- Orange bitters
- Olives or lemon peel garnish

Here's what to do:

- Pour in the chilled vermouth into the pitcher with a handful of ice – stir lightly
- Pour in the gin (from the freezer)

- Stir & swirl (if glass), shake if metal (not too violently)
- Add a couple of dashes of orange bitters
- Let sit for a few minutes
- Swirl again
- Add olives (with red pimentos for devilish style)

JAMES BOND STYLE (with vodka)

- Three measures of Gordon's gin
- One measure vodka
- Half measure of Kina Lillet

apertif

Shake until ice-cold and add a large slice of thin lemon

Once poured let the magic of these devilish concoctions take effect. But a word of caution; don't be tempted to add flavors as this violates the history and purity of one of the world's coolest cocktails!

"Happiness is a dry martini and a good woman ... or a bad woman."

Old Nick Wins Best Magazine Award

Old Nick (your favorite mag) won the Best Alt Magazine Award at the recent AltPorn Awards (<http://altporn.net/news/2017/05/09/alt-porn-awards-2017-best-magazine/>) held in Hollywood, Calif.

Old Nick bested some of the top mags in the field including “Inked,” “Glam Rock,” “Tattoo Envy,” “Cosplay Culture,” “Sinical” and more.

Now That’s What We Call a Church!

The N.Y. Post reported that Tennessee sex club — “The Social Club” — masqueraded as a church where investigators “observed patrons openly engaging in sexual conduct and intercourse.” Some of the action was even taking place in the “Choir Room.” Well, we’re sure if every church were this much fun there’d be a lot better attendance!

The Rise of The Sex Doll Brothels

It had to happen. As all Satanists know, Church of Satan founder An-

ton Szandor LaVey predicted that artificial humans would be prominent in the years to come — especially where sex was concerned. Well if you make your way over to Barcelona you’ll find the first-ever sex doll brothel.

Lumi Dolls offers four models of sex robots on its website that are yours to love: a blond European named Kati, Asian Lili, African Leiza and blue-haired Aki, modeled after Japanese anime.

A session with one doll costs about 120 euros (about \$138) per hour and the cost of each doll is \$5,500. You can have the dolls dressed to your liking, have your favorite music and watch porn. Visit LumiDolls.com

mix of electronic music, death and black metal, Balkan, classical, baroque and Indian music.

The “Savage” element needs no explanation, while “Sinusoid” is defined as a mathematical curve that describes a smooth repetitive oscillation that refers to the experimental purpose of the music. Serre explains, “This is not pop music made with a commercial goal, it’s like research, a musical experience. Looking at it on a grander scale, there are also parallels that can be drawn with string theory, which unites opposing scientific concepts as to how the universe works — if you’re interested in digging into that side of things!”

JFK WAS NO SAINT!

Think former president John F. Kennedy was a saint? Think again. The popular prez was quite a philanderer and pals with none other than lothario Frank Sinatra who often caroused with ladies of the night. Read all about him and a fascinating take on the masculine mystique in Steven Watts’s book “JFK and the Masculine Mystique: Sex and Power on the New Frontier” that also spotlights rebels including Playboy founder Hugh Hefner and writer Norman Mailer, among others.

Call me kinky but I simply adore observing folks expressing their sexual fantasies through freaky fashions. Thus the "Libertine Ball," Philadelphia's costumes mandatory fetish fete, is one of my favorite erotic events of the year. Amazing empress of alt-sex Kali D. Morgan organizes Libertine; and for each and every annual installment she invariably pulls spanking new deliciously decadent dress-themes out of her, um... hat.

This Ball's theme, "Road Warriors, Post Apocalyptic Fetish" wasn't mere funky fun, though. It was also highly timely. Consider: With global warming, economic meltdowns and worldwide firefights, putting together one's post apocalyptic wardrobe these days seems less and less like fantasy dress-up.... It's just practical planning for our not-so-distant future. And post-apocalyptic dress planning is not only practical, it's optimistic too. It assumes one will survive all the shit storms a wrathful Islamo-Judeo-Christian deity (or Mother Earth herself) has in store for us.

Meeting and Beating

Often when I'm prowling the nightworld I need to actively stalk, sweet talk and seduce my photographic prey. But Libertine's another story. My fabulous Scandinavian assistant and I have attended so many Balls that folks now tend to seek us out. Having spread the news, we simply set up shop in a not-too-quiet corner of the dance club and let the party come to us. Before long we find ourselves videotaping and photographing volunteer kinksters galore.

Nipples Nipped In The Bud

The usual crew of "nipple police" was out in force at this year's Libertine, ensuring raunchy revelers did not display nips or other naughty bits no matter how scanty their costumes (this in deference to the host dance club's understandable desire to keep its liquor license). Although event organizers had called for a Road Warriors costume theme there were no complaints leveled at guests arriv-

ing in true formal wear (tuxedos yes, mere suits no... wearers of the latter were required to leave their pants in the coat check to gain admission to the festivities).

"Post apocalypse" was interpreted with liberal laxity... this was after all a fetish party, not a Nuremberg rally. For example the big tent seemed to include the notion that after Armageddon a gal might need to wear a very, VERY tight corset, like the punishing model endured by one wasp-waisted woman; or just see-through panties and the living room drapes, like the distaff hirsute half of one of my loveliest volunteer couples. Another sweet subject seemed certain that in End Times she would have naught to cover her nakedness but butt floss, bangles and tiny silver pasties (I'm sure that apocalypse or not, most *Old Nick* readers find butt floss, bangles and pasties perfectly appropriate attire for a lovely lady).

Accessorize!

One final filigree: Fetish finery of all sorts is always in fashion at Libertine, and many partygoers were un-thematically yet kinkily attired. Mistress Astrid, a dear friend of ours and a delightful and brilliant Domina, attended this Ball wearing an electric green translucent latex top, leading a nearly naked slave boy on a leash. Said slave boy was absolutely the rolliest, polliest, furriest and freakiest little creature I have ever seen. Utterly adorable! And so Astrid won the prize hands-down for coming up with the cleverest, cutest live accessory of the entire event... at least in my bawdy book.

Kali' also runs the fetish-friendly Philadelphia boutique, PASSIONAL, a perfect place to fulfill your funky fashion and fuck toy requirements; 704 S. 5th Street in Philly (<https://passionalboutique.wordpress.com/sexploratorium/>). And for hours of steamy videos gathered from all along the near edges of the outer limits, Libertine most definitely included, visit my filthiest-ever website, DirtyDatingLive.com.

SEX MAGIC

THE WARLOCK AS SEX MAGICIAN

By Magister Dr. Robert Johnson

For centuries, occult lore has been hyping the mystical powers of Sex Magic, including Tantra, famous for marathon sessions in which the man often forgoes orgasm to create a more cosmic level of pleasure. While Satanic Sex Magic sometimes involves postponing orgasm to build intensity, we don't go to nearly this extreme. A host of other treatises catalog tricks for delivering intense orgasms or conjuring a sultry succubus to pleasure you in your dreams. But Warlocks need only concern themselves with the true Satanic goal: an indulgent, mind-blowing, real-world orgasm, either on its own or as part of a Greater Magic lust ritual to manifest material gain or the ideal sex partner.

Satanists shun "sacred sexuality," dismissing it as occultnik malarkey, with its kooky menstrual blood and semen alchemy, necrophilia, and other silly blasphemies. Some traditions, particularly the Hindus, rely heavily on these so-called potent elixirs to boost the libido during sex. Order Templi Orientis's founder Aleister Crowley borrowed from them to concoct his own "magickal elixir of life" from male and female sexual fluids. He named his creation *Elixir Rubens* and called it "El Rub." Several entries in Crowley's magical diaries mention "the effluvium of Babalon, the Scarlet Woman, which is the menstruum of the lunar current."

Hilariously, accounts from the Great Beast 666's O.T.O. associates indicated that the concoction never actually worked... until he mixed it with alcohol – a complete shock (to no one).

Other Sex Magic luminaries include Paschal Beverly Randolph, Ida Craddock, Russian mystics Maria de Nagłowska, Rasputin (better-known for his erotic spell casting and sexual prowess than his magical workings), and Magistra Waytz's own distant relative G.I. Gurdjieff. Others contributed to the practice but their workings were basically designed to titillate more than conjure up any real demons or worldly treats. Paschal Beverly Randolph, the famed Rosicrucian, actually believed sexual energy could change the world and was the greatest force in Nature. One thing we can agree on!

Intricate Eastern Buddhism and Taoism sex rituals and so-called Black Mass rites (famously touted for being performed in the nude) abound in occult literature and legend. Those interested in studying esoteric Sex Magic will find everything from sensory deprivation and bondage to Western ceremonial magical systems

in Paganism and Chaos Magic.

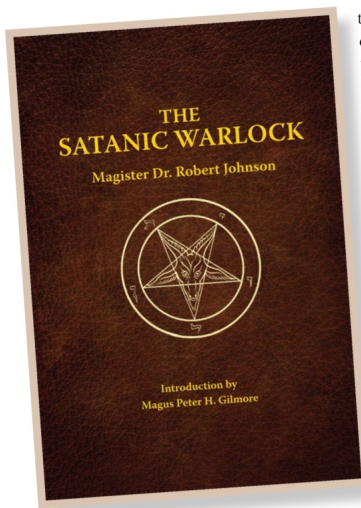

But Satanism celebrates pure carnality, which means we are driven by the pleasures of the flesh. We're not interested in laughable left-hand wizards, waving their dicks like magic wands in hopes of piercing the hymen of a demoness, becoming an ersatz deity, or birthing a separate sexual entity from a couple's orgasmic energy. Sure it's fun to ritualize, and we humans need that. But better to leave the really wacky stuff to the professionals like Thelemite occultist Jack Parsons. In 1945 he teamed up with Scientology founder L. Ron Hubbard to conduct the O.T.O. "Babalon Working," a series of rituals designed to invoke the Thelemic goddess Babalon (the Scarlett Woman, Sacred Whore, and Mother of Abominations). We're not sure what she was supposed to do when she got here, but the whole business certainly made both men infamous in their own right. Still, a woman did appear....

WHAT IS SATANIC SEX MAGIC?

At this point you may ask, just what is Satanic Sex Magic, if not just another occult ritual? The answer is simple. Satanists are not forced to subscribe to any set formula of ritual recitations, elixirs, or what have you to manifest their will. No demons need to be summoned (but that might be fun!), nor circles drawn to "protect" them from the unknown denizens of Hell. Satanic Sex Magic should be used as a potent and pleasurable means to an end – not some intricate, overwrought discipline intended to yield some spooky-ooky "enlightenment." Satanic Sex Magic is about *the* sex. The pure act of having an orgasm (ideally two – one for each partner) releases the energy to change one's mindscape and manifest the "is-to-be."

Of course some Greater ritual magic from *The Satanic Bible* and *Rituals* can indeed be added as a powerful Satanic tool. Warlocks can also add their favorite stimulants to the mix as well as acting out favorite fantasies, perversions, or kinks. Use tried and true aphrodisiacs (see Chapter 6) as enhancements, or concoct your own devil's brew based on the wishes of your partner. We agree with the Marquis de Sade: "Sex is as important as eating or drinking, and we ought to allow the one appetite to be satisfied with as little restraint or false modesty as the other."

Satanic Sex Magic is about getting a result: material gains or

the conquest of an exciting new bedmate. If you want to build intensity, hold back your orgasm. Pay attention to your first warning: when the prostatic fluid (pre-cum) starts to leak, slow things down. Think about ugly baseball players or when your next car payment is due. Repeat this cycle as many times as you can. Then, when climax can no longer be postponed, visualize your deepest desires at the moment of orgasm. This is the core of all Sex

Magic. Randolph suggested postponing orgasm for six months, but Sex Magic expert Magister David Harris differs: "A healthy abstinence is very beneficial, as it allows you to build up a great deal of sexual energy; letting you orgasm more easily. As a general rule, three to five days should be sufficient."

Practicing Randolph's mega-delay theory involves a lot of convoluted nonsense. His books *Eulis! The Story of Love and Magic Sexualis: Practices for Magical Power* outlined "steps" for Sex Magic and spells that included *Volancia* (French for "will" or the imaginings of the will), along with *Decretisim* (bending people to your will), *Posism* for receptive positions, and *Tiraclatrim*, a form of invocation. So many steps, just to get laid!

And Randolph isn't alone. Just imagine if you had to follow this Lovecraftian magician's long-winded esoteric rigamarole every time you wanted to get some:

Even though both the Society of Dark Lily and the Order of Nine Angles differ in their conceptual approach to ritualistic sexual magic, the Order of Nine Angles Rite of Nine Angles provides a prime example of a method of ritualistic Sexual Magic. The sexual nature of the rite may be performed in two ways. Firstly, a Priest and Priestess perform the ritual naked upon an isolated hilltop. The rite itself involves the use of the Sound Magick technique known as vibration, which involves the Priest projecting, in syllables the following words of power: "Nythra Kihunae Atazoth." Thus the syllable "Ny" is sounded for a period of between ten and twenty seconds, then "thra" is sounded for the same period of time, and so on. Such methods of Sound Magick enable the participants to activate hitherto unknown areas of their minds and cause changes in consciousness as though inducing a semi trance-like state. The Priest therefore vibrates these words in the direction of the Priestess who holds a quartz crystal tetrahedron in her palms. After this vibration has been completed, the Priestess lies on the ground, still holding the crystal whilst the Priest performs cunnilingus. When the Priestess is suitably aroused the Priest then begins

copulation, during which the Priestess visualizes a gateway situated in the stars above them opening and a black nebulous chaos flowing downwards to the earth.

The second form of the Rite of Nine Angles, known as the Cithonic form, is performed with the addition of a congregation who hold an orgy after the rite, whilst the Priest and Priestess vibrate specific words of power and trained cantors chant a particularly difficult and elaborate Sinister Chant. The energy from the orgy is used to enhance the presencing of the Dark Gods who are then said to manifest. The changes of consciousness that may occur through such a rite can be equated on one level with the creation of the Antichrist, that is, the Satanist who absorbs the power brought forth through the ritual becomes akin to the Antichrist, an individual who embodies the power of the Dark Gods of the Sinister Tradition. Such an individual is considered to be, on a psychic level, a gateway to the abode of the Dark Gods.

Sheesh! Talk about coitus bore-us-to-deathus! As Harris says, Satanic Sex Magic is all about harnessing the power of the orgasm for the purposes of directing that sexual energy out into the universe, towards an intended conquest. Everything else is bullshit.

HOW TO BE AN INCUBUS - RELEASE YOUR BEAST

By the 13th Century, the notion that male Devils (incubi) scoured the night having sex with women in their sleep (especially nuns) was taking hold, to the terror of frightened couples and no doubt the delight of horny women who weren't otherwise gettin' any. By the 17th century, noted demonologist Father Sinistrasi actually described the incubi, calling them Devils who "shape for themselves a body endowed with motion, by means of which body he copulates with the human being."

Unlike the Satanic Witch who exploits her self-conscious modesty (real or imagined) to unleash her lusty Feral Urge, Warlocks are *expected* to be the horny aggressors. To become an incubus, a Warlock need only hone his persona to exhibit his inherent masculinity and project the image that he can deliver what his intended wants (security, excitement, sexual gratification). Warlocks should "shape themselves" into virile beings by projecting their chosen Archetype. Women expect Satanists to be dark and mysterious, so play that card to the hilt. This confidence permeates a woman's subconscious and affects how she thinks of her Warlock by day as well as in her dreams. You have become her incubus!

CASTING YOUR SPELL

When practicing Satanic Sex Magic, the Warlock is no longer a gentleman. Instead, he is the beast Pan, the embodiment of a satyr. A voluptuary, a hedonist, and a libertine. He knows no boundaries; only pure pleasure.

Use the trappings and attire of your chosen Archetype. The gentleman choosing a tuxedo brings sophistication to his lair, setting a suave scenario for his date. The black metal musician tempts his target with his stage-worthy gyrations and the occasional snarl. The intellectual shows off his big brain (or shows her his etchings), making her dizzy and ready to be ravaged.

Devilishly Delicious Davon

Our lovely from the Philippines has a dark and kinky side as you can tell from these photos. The Asian temptation just loves to be bound. She says it gives sex that extra added danger and exquisite anticipation.

We're sure if you find the keys to Davon's desires you'll unlock her most erotic and forbidden fantasies. And once they're revealed her lust becomes insatiable.

Davon says her tight body is made for pleasure and she adores being submissive to the right man. Think you can measure up?

OK honey, let's talk about the first thing that pops up!

A woman with dark, wavy hair is lying on her side on a bright orange, tufted leather surface. She is looking directly at the camera with a slight, enigmatic smile. Her right arm is extended forward, and her left arm is bent with her hand near her head. The background is the same orange tufted surface, creating a monochromatic and textured environment.

RAVEN HAIR REBELDE A VERY WILY WITCH

Not all witches are spooky, as you can see from this issue's Temptress Rebelde. The raven-haired beauty comes from a long line of Italian sorceresses called "stregas." And her magic of choice is her ample curves that attract men to her lair like flies to the spider.

You see, Rebelde understands that her body is her most powerful spell-casting tool and that once a man partakes of her soft flesh he immediately becomes her willing servant.

It doesn't hurt that Rebelde's DD breasts, tiny waist and firm bottom all combine to make her totally irresistible. Once a victim is lured into her padded playroom it's the Devil to pay! Not a bad way to go we think ...

The skin is fair and has a slight sheen. The text 'Empress Rebelde' is written in a black, elegant script font, oriented vertically across the center of the image. A small, dark, stylized icon of a person with a crown is positioned above the word 'Empress'.

PETER ALEXANDER BENEDETTI'S BLASPHEMOUS BENEDICTION

DARK ARE THE PATHS WITH NO RETURN

Artist and provocateur, Peter Alexander Benedetti has taken the New York art world by a [dark] storm – especially for those who are attracted to the weird, Satanic and often blasphemous.

His seminal work on occult tarot cards is praised as one of his major triumphs ...especially the Devil card (not shown), which *Old Nick*, enjoys the most! We know you'll agree.

Sarah's *Sinistre* Stirrings

Yes, her name says it all – Sarah Sinistre —but “sinister” in such a good way. Curvy, dark and delicious our girl loves to start her day roaming the local cemetery. She says it’s a dark delight and the peacefulness reminds her of how short life really is and to enjoy every moment.

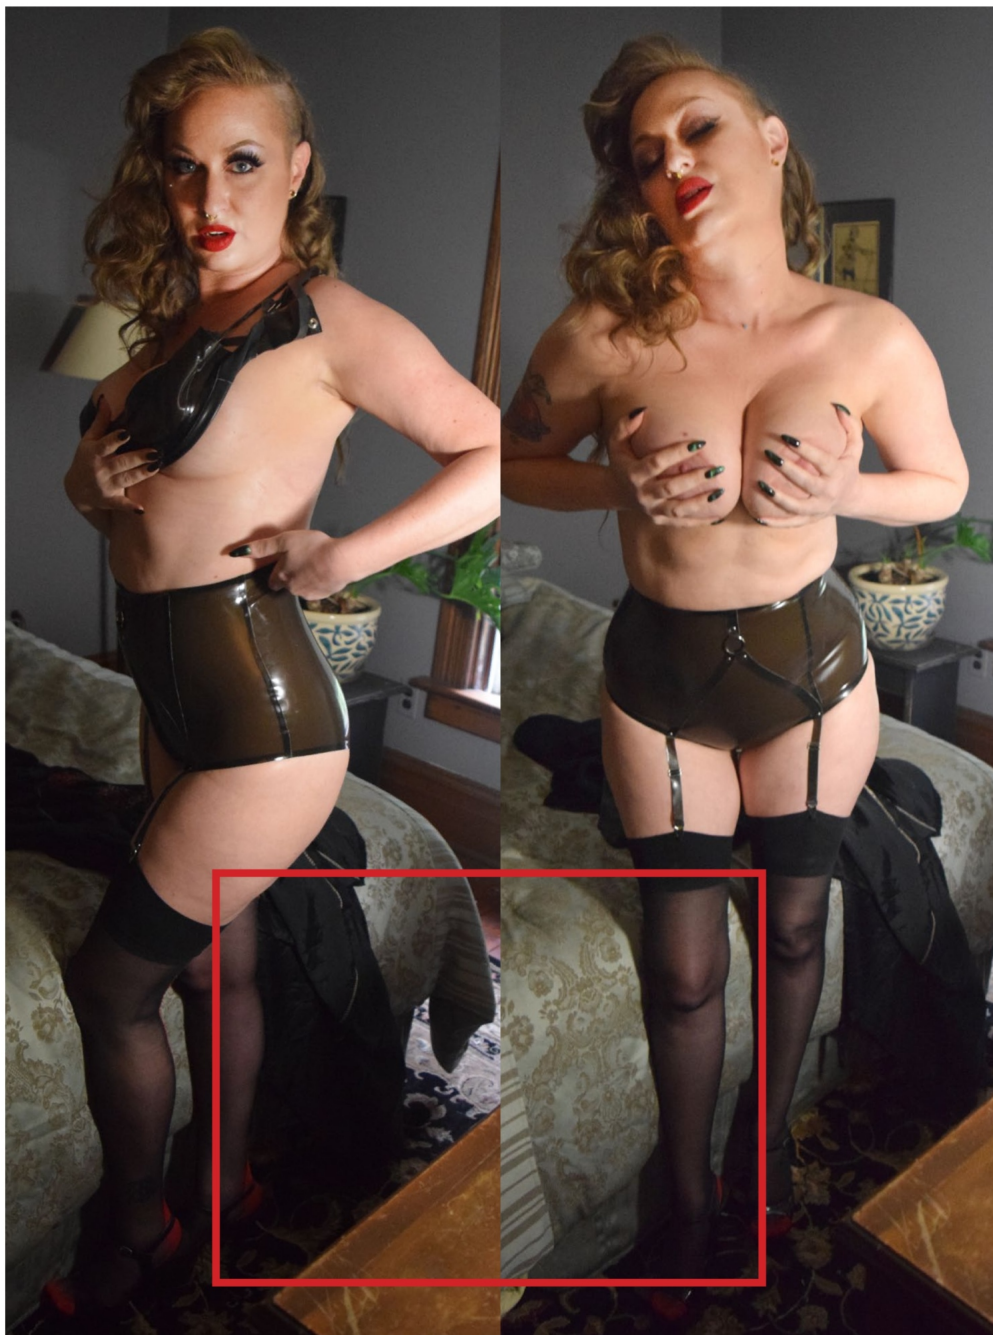

Her walks among the headstones and grave inscriptions have another effect on the buxom beauty. The idea of making love in a cemetery turns on Sarah. The melancholy atmosphere stirs the fires in her loins.

When she returns to her Victorian sanctuary, it’s not long before she decides to retreat to her boudoir to enjoy some erotic playtime in order to satisfy her longings. We’re sure you’ll agree that despite her morbid curiosity, whatever works to get Sarah in the mood for sex works for *Old Nick* as well!

SELINA MINX'S BAD HABIT

Old Nick's favorite columnist and all-around seductress Selina Minx decided to indulge in one of her favorite naughty nun fantasies. But of course she wasn't satisfied with just playing dress up. No, sinful Selina invited two of her minions for some salacious girl-on-girl action.

One of her favorite fantasies involves a mother superior playing slap and tickle with a couple of dirty novitiates. As you can see the girls were more than willing to offer their bodies to satisfy their nun's blasphemous wishes.

Of course we approve of Selina's bad "habit," especially when it's an unholy trinity like this

BADASS BELLA RETURNS

Our badass babe Bella Vendetta was such a hit in her debut layout a few issues back fans clamored to see more of the punked-out, black metal loving alt star.

This time Bella wanted to show *Old Nick* readers how she gets ready for a night hitting the clubs and the back alleys where she enjoys her most erotic dirty doings.

We can only imagine the debauchery that goes on in Bella's netherworld. Sinister sights and unmentionable acts that can only be described as demonic ... and quite a bit delightful!

SEX MAGIC

THE WARLOCK AS SEX MAGICIAN

Use all manner of psychodrama and window dressing, both literal and implied, to create your personal Sex Magic rituals and spells. LaVey provides an excellent “INVOCATION EMPLOYED TOWARDS THE CONJURATION OF LUST” in *The Satanic Bible*, and much more in *The Satanic Rituals*. These are treasure troves of ideas you can customize into Sex Magic scripts to fit your every need. Your mileage may vary, but your satisfaction is limited only by your own diabolical imagination.

No matter your Archetype, be bold with your woman. Take her in your arms and hold her firmly, touching every part of her. Kiss every inch of her skin, put your lips to her ear and whisper blasphemous and obscene ideas. Confess your smoldering lust for her. This is no time for the best friend or the nice guy next door. Unleash your infernal desires. Tell her she is Satan's own and you long to fill her with your demon seed.

Explore her body with your hands, lips, and tongue, probing her with abandon. Revel in the forbidden licks and penetrations. Conjure your filthiest thoughts and desires, and make them real. Your lust will stoke your passion and ignite hers. Tell her what you want to do to her. Compel her to share her deepest desires, then eagerly fulfill them all. The carnal power will reach a fever pitch for both of you.

THE RITUAL CHAMBER

Needless to say, your Ritual Chamber should be outfitted with comfortable bedding or designated areas for sex. But the delightful journey into lust isn't just physical: You must also prep your mind. Let your lustful imaginings run wild. Use filthy language if it helps. Lust is a pillar of the Law of the Forbidden, so using taboos and the perception of evil will charge the atmosphere. Use pornographic images, sex objects and blasphemous toys (crucifix dildos, Jesus butt plugs), BDSM devices and accessories (if so desired), and any sexual imagery that builds the intensity of your experience.

Not long ago, any level of interest in BDSM was considered rare, perverse, shocking, and probably dangerous. Times change and BDSM is so widespread and ho-hum it couldn't shock a third-grader. But whatever you're into, we say embrace that urge! The cathartic use of even the most bizarre fetishes (excluding forced or illegal actions) can easily be defined as Sex Magic in their own right by virtue of the powerful emotions they evoke.

Use as much Satanic imagery as you like including sigils, Ba-phomets, or pentagrams. Discover which real-world items resonate with your lover and use them. Candles don't need to be black, but they create the best mood lighting, which is key. Also consider using images created by Felicien Rops for example, combining blasphemy with sex. And don't forget the power of music! Classical pieces from Gounod (*Faust*), Wagner (*Ride of the Valkyries*,

Tannhauser, *Tristan and Isolde*), Ravel (*Bolero*), Mussorgsky (*Night On Bald Mountain*), and Berlioz (*Symphonie Fantastique*) are some choice selections with inherently erotic messages to stoke your lustful urges.

Magical locations outside of the usual Ritual Chamber can be particularly powerful conduits for Sex Magic. Heavy flirting and foreplay in public places, followed by a bee-line for the Ritual Chamber can work wonders.

For example, your author participated in an elite and elaborate Church of Satan ritual (replete with naked nun altar) at the infamous Hellfire Caves in West Wycombe, England. Being physically present in an exceptionally magical place sparked an incredible amount of passion among many of the attendees, based on the number of first-hand accounts and obvious real-time responses they shared.

Abandon and lust were palpable at the Caves – no doubt resonating for centuries in that historic den of debauchery. The Caves were a magical laboratory, so to speak, just like the Ritual Chambers that allow magicians to leave the corporeal world and enter a plane of sexual ecstasy.

Harris also points out that despite Hollywood portrayals of “Satanic Ritual Orgies,” Warlocks will be most effective in a one-on-one scenario, with a long-time partner. He recommends taking about a year to work out basic sexual operations, freeing your strongest energy for ritualizing. “You should know instinctively where your partner's hot spots are and be able to hit them without losing focus on the point of your specific ritual,” he advises.

“Both you and your partner should be very clear on the intention of the ritual before stepping into the ritual chamber, and when the time comes to state your chosen desire, state it passionately and without hesitation or shame. Plant the seed of your intentions firmly into the fertile womb of the universe! This is another reason to practice Sex Magic with someone who knows you intimately: there can be no shame or self-consciousness. The only focus should be on your desire alone.”

Harris further instructs that both parties should be fully aroused and ready to commence coitus, instinctively kissing and fondling each other's erogenous zones without losing focus on the rite itself. Harris says: “Two excellent points of focus are your partner's eyes, or if you prefer ‘doggy-style,’ with both partners facing front, looking at the altar. Maintain contact with the physical sensations of your partner while creating a vision of what you want: a new car, a promotion, a baby, or even to have an unfortunate set of circumstances befall an enemy. This ritual is not about delaying orgasm to increase intensity. When you feel climax approaching, don't hold back. Instead, relax into it and just let it out. Climaxing simultaneously with your partner is ideal but not always possible, so focus instead on both of you releasing a great burst of intense sexual energy into the world. This, combined with the naturally cathartic relief of ritual, should leave both partners pretty exhausted both physically and emotionally. Take a few moments to recover and bask in the afterglow before bringing the ritual to a close and triumphantly shouting, “SO IT IS DONE!”
